

*Divine Temperance
With Courtney Overfield*

Spell Casting

Need a little manifestation energy to push us forward? This could be in the form of a new job spell, new home spell, or love spell. Courtney can help create a spell geared towards your specific needs!

Courtney/Divine Temperance does offer spell creation but her spells are NOT 100% guarantee. Courtney does not feel like she should promise something she can't. She will not fight the universes will nor do harm to others or deprive anyone of free will. So she will not do spells ON people. She is more than capable of helping clients put their energy out there to manifest something but only the universe can decide it is meant to be.

Her spells do not consist of any black magic or anything harmful. Nor will she create anything involving that type of energy. **DO NOT ASK!**

PRICE: \$30 per spell.
This Price includes the materials that are included in doing the spell.
